

I signed up on the do not call list to protect my family's time together. We value sitting down to dinner together and talking, not getting up to answer the phone, or waiting through the machine to see if there will be a hang up. The number of calls we receive has dramatically lessened- that means we can have a reasonable family dinner. Companies I ahve already chosen to do business with can still reach me, and charities and non-profit orgainzations can call. But, they tend to be more respectful of my time.

Please do not do anything to weaken the do not call law in New Jersey- we are lucky to have such a strong law.
